www.thealemedicalcentre.com

Sadly we need to inform you that Dr James Bywater will be retiring from the practice on 31st March 2018. Dr Bywater has been with the practice for around 33 years and I know he will be missed, but he now feels it is time to fully retire.

We are now in the process of advertising to recruit a placement GP. Upon leaving all Dr Bywater's patients will be shared between existing GPs and you will be notified of who your newly allocated GP will be.

I am sure you will all join me in wishing Dr Bywater all the best for the future.
